Rectangular

Featured products:

COPPER RECTANGULAR POLE, SHOWN WITH CHF300 FINIAL

The simple clean lines of our rectangular poles are a new addition to our range and are available in any of our metal finishes and in Perspex. The metal rectangular rings are lined with nylon to facilitate a smooth draw and as with our square poles the finials can be stacked allowing our clients to create their own design. Shown here in Copper finish with St. Cloud CHF300 finial.

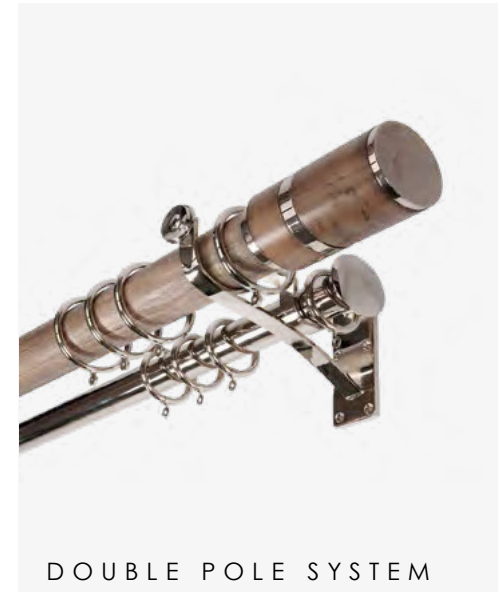

PERSPEX RECTANGULAR
POLE WITH F300B

Double Pole System

Featured product:
METAL DOUBLE POLE SYSTEM

The options for the double pole system are endless, motorised large poles in front and narrow hand drawn poles behind. Mixed materials, same diameter, the choice is amazing. The double cup brackets are all bespoke so that the curtains hang beautifully. Double poles are also available for bay windows.

DOUBLE POLE SYSTEM

Half Poles

Featured product:
REEDED WOOD HALF POLE 2.5" (63MM)

Reeded Wood 2.5" (63mm) Half Pole in Stain #40 finish, with roof and returns back onto the wall. Supplied with Kirsch corded track for single or double curtains. It can be made with one or 2 returns.

Our Half Poles are made to order to specific lengths and they can often be adapted to fit irregular architectural details and can also be made to fit bay windows.

French Returns

Featured product:
BURNISHED STEEL FRENCH RETURN 0.8" (20MM)

The French return style is a perfect option for a classic simple curtain treatment and is an excellent way of getting the fabric off the window and dealing with greater bracket extension requirements. The French return poles shown are solid 0.8" (20mm) in diameter and are also available in 1" (25mm). All lengths and returns are custom and the back plates can be adapted to fit different spaces. Likewise these French returns are wonderful as double poles where the secondary pole can be fitted onto the returns to hold sheer curtains. We also supply solid Perspex French return poles in 1.6" (40mm) and 2" (50mm) diameter. Hollow French returns in all metal finishes from bronze to copper to nickel are available in 1" (25mm), 1.5" (38mm) and 2" (51mm) diameters. These French returns are fitted to the wall with standard recess brackets.

Finishes

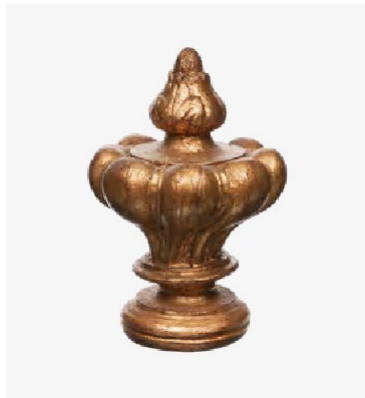

We have a variety of finishes available in metal, wood, and resin. We have imitation gilt, water gilt, metal finishes, basic stain colors and a small selection of paint effects and dirty varnish colors to give you a taste of what we can do. We also offer a color matching service to work with every design project where our standard finishes are not quite right, and a more individual treatment is required.
